

# Degrease Floor Surfaces, Control Odors and Restore Grout Color Safely

Bio-Enzymatic **Multi-Surface Degreaser** is an alternative to harsh chemical floor cleaners. Formulated with active orange oil extracts and non-sticking surfactants for safe and immediate surface grease removal. In addition to these immediate cleaning benefits, **Multi-Surface Degreaser** contains grease loving bacteria and enzymes, which work around the clock penetrating deep into tile grouting to remove grease build-up, eliminate odors and help restore grout to its original color.

- Kitchen Floors
- Restroom Floors
- Trash Areas
- Tile & Grout Flooring
- Drain Lines
- Loading Docks

Use Multi-Surface Degreaser in your daily maintenance program to leave your food preparation areas smelling fresh and your floor surface clean and grease free.

- Biodegradable
- VOC Compliant
- Non-Caustic
- Non-Toxic

#### FOR INITIAL TREATMENT -

Mop **Multi-Surface Degreaser** straight on tile and grout floor and agitate with brush. Let stand for 5-10 minutes, then mop floor with warm water and squeegee if desired.

#### FOR NORMAL FLOOR DEGREASING -

Add 2-4 OZ. (60-120 ml) of **Multi-Surface Degreaser** to one gallon (3.78 L) of warm water. Mop on and allow to dry. For more severe problem areas, apply 6-8 OZ. (177-237 ml) per gallon (3.78 L). After use, pour solution down drains to keep drains free flowing and reduce buildup.

#### FOR BATHROOM FLOORS-

To help eliminate urine odors and other odor causing organics, dilute **Multi-Surface Degreaser** 6-8 OZ. (177-237 ml) per gallon (3.78 L) of warm water, mop on and allow to dry. After use, pour solution down drains to eliminate odors.
